Prepared by return to:
Southwest Florida Water Management District
2379 Broad Street
Brooksville, FL 34604-6899
Attn. Operations and Land Management Bureau

CONSERVATION EASEMENT

This Easement, made and entered into this _____ day of _____ 20____, by and between _____, whose address is _____, _____, hereinafter referred to as "Grantor", and the Southwest Florida Water Management District, a public corporation, having an address of 2379 Broad Street, Brooksville, Florida 34604-6899, hereinafter referred to as "Grantee", collectively referred to as the "Parties."

WITNESSETH:

WHEREAS, Grantor is the sole owner in fee simple of certain real property in _____ County, Florida, more particularly described in Exhibit "1" attached hereto hereinafter referred to as the "Protected Property"; and

WHEREAS, Grantor and Grantee mutually recognize the ability to maintain the conservation values of the Protected Property and the natural, scenic, open, and special character of the Protected Property while allowing certain recreational and agricultural use by the Grantor. The Parties have the common purpose of conserving that certain natural, scenic, open and special character of the Protected Property hereinafter, collectively, the "Conservation Values" by conveyance to Grantee of a perpetual conservation easement on, under, over, and across the Protected Property, which shall act to conserve and protect the Conservation Values of the Protected Property. It further being the intent of the Parties to prohibit certain further development activity on the Protected Property; and

WHEREAS, Grantee is a public entity authorized under the provisions of §704.06, Florida Statutes, to hold conservation easements for the preservation and protection of land in its natural, scenic, historical, agricultural, forested, or open space condition.

NOW THEREFORE, to achieve these purposes, and in consideration of Ten Dollars (\$10.00) and other good and valuable consideration, including but not limited to the above and the mutual covenants, terms, conditions, and restrictions contained herein, the receipt and sufficiency of which is acknowledged, and pursuant to the Laws of Florida, and in particular §704.06, Florida Statutes (F.S.), but without intending the validity of this Easement to be dependent on the continuing existence of such laws, Grantor hereby voluntarily grants and conveys to Grantee a conservation easement in perpetuity over the

Protected Property of the nature and character and to the extent hereinafter set forth ("Easement").

ARTICLE I. DURATION OF EASEMENT

This Easement shall be perpetual. It is an easement in gross, runs with the land, and is enforceable by Grantee against Grantor, and its personal representatives, heirs, successors and assigns, lessees, agents, and licensees.

ARTICLE II. PURPOSE OF EASEMENT

A. It is the purpose of this Easement to protect and preserve, in perpetuity, the natural, scenic and special character, ecological and hydrological integrity, and habitat for indigenous plant and animal life on the Protected Property, more specifically described in Exhibit "1", attached hereto and incorporated herein, and will confine the use of the Protected Property to such activities as are consistent with the purposes of this Easement, ("Conservation Purposes").

B. The specific Conservation Values for the Protected Property are documented in the Baseline Natural Resources Inventory ("BNRI") for this Easement in _____ County, Florida, dated _____, which consists of reports, maps, photographs, and other documentation that the Parties agree, and hereby acknowledge, provide, collectively, an accurate representation of the Protected Property at the time of this grant, and which is intended to serve as an objective information baseline for monitoring compliance with the terms of this grant. The BNRI is maintained in the offices of the Grantee and is incorporated into and made a part of this Easement. A copy of the BNRI is available from the District on request.

Grantor intends that this Easement will confine the use of the Protected Property to such activities as are consistent with the Conservation Purposes of this Easement and the Conservation Values as documented in the BNRI.

ARTICLE III. RIGHTS GRANTED TO THE GRANTEE

To accomplish the Conservation Purposes of this Easement the following rights are conveyed to Grantee by this Easement.

A. The right to preserve, protect, and enforce in perpetuity the Conservation Values and Conservation Purposes of the Protected Property as set forth in Article II of this Easement.

B. All future residential, commercial, industrial and incidental development rights that are now or hereafter allocated to, implied, reserved, or inherent in the Protected Property except as may be specifically reserved to Grantor in this Easement are hereby terminated and extinguished. The Protected Property nor any portion thereof may be used for purposes of determining density, lot coverage, or open space requirements under applicable laws, rules, regulations or ordinances controlling land use and building density.

No development rights that have been encumbered or extinguished by this Easement shall be transferred to any other lands. No development rights or density credits may be transferred onto the Protected Property from any other property.

C. The right to enter upon, over and across the Protected Property, including the right to use unmanned aerial vehicles, not including building interiors, to inspect it for the purpose of ensuring compliance with the terms and conditions of this Easement, in accordance with Paragraph VI(D).

D. The right to prevent any activity on or use of the Protected Property that is inconsistent with the Conservation Purposes or provisions of this Easement and to require the restoration of or to restore to the condition immediately prior to such use or activity, such areas or features of the Protected Property that may be damaged by any inconsistent activity or use, at Grantor's sole expense.

ARTICLE IV. PROHIBITED USES

The Protected Property shall be maintained to preserve the Conservation Purposes and Conservation Values of this Easement. Without limiting the generality of the foregoing Grantor agrees that the following uses and practices, though not an exhaustive recital of inconsistent uses and practices, are expressly prohibited or restricted, except as may be provided elsewhere herein.

A. Except as otherwise specifically authorized herein, there shall be no dumping or placing of contaminated soil, trash, liquid or solid waste (including sludge), or unsightly, offensive, or hazardous materials or toxic substances, pollutants or contaminants, including, but not limited to, those as defined by the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901-6991, or the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. Section 9601-9674, as amended by the Superfund Amendments and Reauthorization Act of 1986, or any Florida Statute defining hazardous materials, wastes or substances, toxic wastes or substances, pollutants or contaminants, hereinafter collectively referred to as "Contaminants", on the Protected Property. However, this provision shall not be construed to prevent the deposit of household, agricultural, or animal wastes generated on the Protected Property, provided such deposits are biodegradable.

B. The exploration for and extraction of oil, gas, minerals, dolostone, peat, muck, marl, limestone, limerock, kaolin, fuller's earth, phosphate, common clays, gravel, shell, sand and similar substances either directly or indirectly by Grantor or on Grantor's behalf or with the joinder or consent of Grantor in any application for a permit so to do, under and by virtue of the authority of a grant or reservation or other form of ownership of or interest in or control over or right to such substances, except as reasonably necessary to combat erosion or flooding, or except as necessary and lawfully allowed for the conduct of activities permitted by this Easement.

C. Subdivision of the title to the Protected Property is prohibited.

D. Activities that will be detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation unless otherwise provided in this Easement. There shall be no dredging of new canals, construction of new dikes, manipulation of natural water courses, or disruption, alteration, pollution, depletion, or extraction on the Protected Property of existing surface or subsurface water flow or natural water sources, fresh water lakes, ponds and pond shores, marshes, creeks or any other water bodies, nor any activities or uses conducted on the Protected Property that would be detrimental to water quality or which could alter natural water level or flow in or over the Protected Property, unless otherwise specifically provided for in this Easement.

E. Acts or uses detrimental to the preservation of the structural integrity or physical appearance of any portions of the Protected Property having historical or archaeological significance as those portions of the Protected Property are identified in the BNRI. Grantor shall notify the Florida Department of Historical Resources or its successor if historical, archaeological or cultural sites are discovered on the Protected Property, and any site deemed to be of historical or archaeological significance shall be afforded the same protections as significant sites known to exist at the time of the creation of this Easement. Grantor will follow the Best Management Practices (BMPs) of the Division of Historical Resources, as amended from time to time.

F. There shall be no removal, destruction, cutting, trimming, mowing, alteration or spraying with biocides of trees, shrubs or other natural vegetation, including but not limited to cypress trees and any trees or vegetation in wetlands, except as otherwise specifically provided in this Easement. Provided, however, that in connection with any future agricultural operations by Grantor in areas currently improved for agricultural activities established by the BNRI, Grantor may mow, herbicide cut, chop, burn, remove and otherwise maintain vegetation as long as Grantor performs such tasks in accordance with BMPs.

G. There shall be no planting of invasive exotic or nuisance, aquatic and terrestrial species. Grantor shall make reasonable efforts to manage the occurrence of invasive exotic or nuisance, aquatic and terrestrial species to the extent practicable and economically feasible. Subject to the above, Grantor shall, at a minimum, conduct sufficient management and control to maintain invasive exotic or nuisance, aquatic and terrestrial species at the same or a lower percentage of cover as that identified in the BNRI. Such management and control shall apply to the following species: Brazilian Pepper, Melaleuca, Japanese and Old World climbing fern, Skunk Vine, Tropical Soda Apple, Cogon Grass, Torpedo Grass, Australian Pine, Water Hyacinth, Hydrilla, Air Potato, Chinese Tallow, Water Lettuce, Kudzu and any other invasive exotic or nuisance species identified by Grantee during any inspections conducted to determine compliance with the terms and conditions of this Easement. To limit the introduction of invasive species, any new livestock that may be brought to the Protected Property subsequent to the effective date of this Easement by the Grantor will be quarantined for seven (7) days and determined to be free of exotic seed prior to release on the Protected Property. If

any condition arises that prevents Grantor from complying with the requirements of this provision, the Grantor may request Grantee's assistance. For purposes of this Easement, pasture grasses shall not be considered invasive exotic, or nuisance species, however Grantor shall be responsible for ensuring that, pasture grasses do not encroach on lands identified as natural lands in the BNRI. Furthermore, Grantor hereby grants to Grantee the right, after consultation with Grantor, at Grantee's sole discretion and at Grantee's expense, to develop and implement an exotic plant removal plan for the eradication of exotics or non-native plants on the Protected Property. Under no circumstances shall this right conveyed to Grantee be construed to diminish Grantor's responsibilities under this Paragraph IV(G) or as an obligation of the Grantee.

H. Agricultural chemicals that may be used by Grantor, including fertilizers, pesticides and herbicides, shall only be applied in such amounts and with such frequency of application that constitute the minimum necessary to perform noxious weed control, habitat enhancement and restoration, timber management and agricultural and residential activities permitted under this Easement. The use of such chemicals shall be in compliance with the manufacturer's label instructions, BMPs and all applicable Local, State and Federal laws, rules, and regulations, and conducted in such a manner as to minimize adverse environmental effects on the Protected Property. Grantor is prohibited from using biological weed and insect control agents without obtaining prior written approval from Grantee, such approval shall not be unreasonably withheld.

I. Commercial or industrial activity, and ingress, egress or other passage across or upon the Protected Property in conjunction with any commercial or industrial activity including but not limited to swine, dairy and poultry operations and confined animal feed lot operations, other than activities associated with the Grantor's Reserved Rights.

J. New construction or placing of temporary or permanent buildings, mobile homes or other structures in, on, or above the ground of the Protected Property except as may be incidental to Grantor's maintenance and normal operation of the Protected Property including, without limitation, bridges, or culverts, fences, power lines, etc., or during emergency situations or as may otherwise be specifically provided for hereinafter. For purposes of this Paragraph IV(J) the term "emergency" shall mean those situations that will have an immediate and irreparable adverse impact on the Conservation Purposes of this Easement.

K. The construction or creation of new roads or jeep trails except where nature has rendered an existing trail unusable or new or replacement roads and trails are necessary to serve Grantor's retained use rights and with the prior approval of Grantee, such approval shall not be unreasonably withheld.

L. Dirt bike/motocross track, and mudbogging in natural areas is specifically prohibited.

M. Areas identified for agricultural activities as established by the BNRI may be used for those activities and shall not be converted to more intense agricultural use.

Lands that are identified as wetlands in the BNRI shall remain wetlands and lands identified as undisturbed natural areas in the BNRI shall remain undisturbed natural areas.

N. Grantor shall take no actions or activities that may reasonably be expected to adversely affect threatened and endangered species. Grantor shall take no action that will harm, as defined in the Endangered Species Act, 16 U.S.C. 1531 et. seq. and implementing regulations of the U.S. Fish and Wildlife Service, a threatened or endangered species identified on the then current list for threatened and endangered species adopted by the U.S. Fish and Wildlife Service at 50 C.F.R. 17.11, and 17.12; Rules 68A-27.003, 68A-27.004, adopted by the Florida Fish and Wildlife Conservation Commission; and Rule 5B-40.0055, adopted by the Florida Department of Agriculture and Consumer Services. A current list for such threatened or endangered species is and provided in the BNRI.

O. There shall be no signs, billboards, or outdoor advertising of any kind erected or displayed on the Protected Property, except that Grantee may erect and maintain signs designating the Protected Property as land under the protection of Grantee or designating the ranch name.

P. There shall be no commercial water wells on the Protected Property. Provided, however, Grantor may construct a new well, incident to allowed uses on the Protected Property and subject to legally required permits and regulations.

ARTICLE V. GRANTOR'S RESERVED RIGHTS

Grantor reserves to itself and its successors, guests, or invitees, and assigns, the following specified rights ("Reserved Rights"), which are deemed to be consistent with the Conservation Purposes of this Easement. The exercise of the Reserved Rights shall be in full accordance with all applicable local, state and federal law, as amended from time to time, as well as in accordance with the Conservation Purposes of this Easement.

A. The right to observe, maintain, and photograph, wildlife on the Protected Property; to plant millet, grass or similar crops in existing pasture areas; to use the Protected Property for non-commercial hiking, camping, charitable, educational or conservation events, ecological tours, horseback riding and other equestrian activities and related uses, canoeing or kayaking so long as the same do not constitute a danger to Grantee's employees, agents, officers, directors and invitees, and so long as such activities do not violate any of the prohibitions applicable to the Protected Property or Grantee's rights, as stated above, and are consistent with the Conservation Purposes of this Easement.

B. Grantor reserves, and shall continue to own, the hunting and fishing rights on, or related to, the Protected Property and Grantor may lease such rights with prior notice to the Grantee, but such lease shall not require the consent or approval of the

Grantee. Grantor shall not use nor allow others to use any portion of the Protected Property as a commercial or large-scale shooting range or target area.

C. The right to conduct controlled or prescribed burning and mechanical brush control on the Protected Property in accordance with applicable BMPs.

D. The right to mortgage the Protected Property; provided, however, that the Mortgagee's lien shall be inferior to and lower in priority than this Easement.

E. The right to contest tax appraisals, assessments, taxes and other charges on the Protected Property.

F. The right to continue to exclusive use of the improvements depicted in the BNRI and as otherwise allowed in this Easement.

G. Grantor may engage in agricultural operations on the Protected Property, including cattle and equine activities as indicated in the BNRI, provided such operations are conducted in accordance with applicable BMPs. The carrying capacity in animal units may be changed only by written agreement executed by Grantor and Grantee after consultation with U.S. Department of Agriculture Natural Resources Conservation Service to reflect changes in BMPs and when necessary to reflect substantive changes to the number of acres of pasture and natural lands. Any existing ponds as indicated in the BNRI may be maintained for fishing in accordance with all applicable Local, State and Federal laws, rules, and regulations, and applicable BMPs. Grantor shall not use the Protected Property for dairy, swine, poultry, feedlot operations, row crops, or citrus production activity. Lands that are established by the BNRI as being natural lands shall remain natural lands. In the event any of the areas of improved pasture eligible for agricultural operations is restored to its pre-conversion, natural condition as part of an approved mitigation or restoration project, they shall thereafter remain in their natural condition. Grantor and Grantee intend for the Protected Property to remain in its existing state except as otherwise provided herein.

H. **Silviculture.** Grantor shall have the right to conduct forestry operations, that include logging and associated activities, on the Protected Property in accordance with the Florida Department of Agriculture and Consumer Services (FDACS) BMPS and subject to the conditions and restrictions set forth below.

1. **Harvesting in Natural Pine Uplands.** Selective pine harvesting by Grantor is restricted to the extent that after such pine harvesting, the remaining stand shall retain at a minimum approximately twenty-five (25) square feet of basal area per acre and the leave trees shall be chosen from the population of the dominant and the co-dominant. Grantee acknowledges that the activity of harvesting trees may coincidentally damage otherwise healthy, hardwood trees.

2. **Pine Plantation Harvesting.** Notwithstanding the prohibition against planting non-indigenous species set forth in paragraph G, of Article IV, any species of

pine commonly planted in Florida for pine plantations and not otherwise prohibited by law may be harvested and replanted in upland areas in accordance with all applicable BMPS for pine plantations. Upon harvesting or clearing an area identified as a pine plantation in the BNRI Grantor may convert the area to improved pasture and, upon conversion, may subsequently convert pasture to pine plantation with prior notice to the Grantee, but such conversion shall not require the consent or approval of the Grantee.

3. Limits on restrictions. Nothing contained in this paragraph shall be construed as prohibiting Grantor from pruning and thinning trees in accordance with good forest management practice and forestry management plans prepared by a professional forester; removing trees that are damaged, diseased or dangerous; and removing exotic plants and noxious weeds.

I. The right to construct improvements consisting of ____ Residence(s) and associated improvements not to exceed a total of _____ square feet of impervious surface per residence. An area not to exceed two acres may be cleared for each residence and associated improvements. A single driveway for access not to exceed 20 feet in width and the minimum length necessary to reach the residence may be constructed and is separate and apart from the impervious surface limitation above. The location of the improvements and driveway shall be provided to the Grantee prior to submittal of building permits and construction. Linear utilities and access roads to the residential improvements may extend beyond the area necessary to service the Residence and Associated Improvement, subject to Grantee's approval. Grantee shall have fifteen (15) business days within which to provide Grantor with any comments.

1. "Residence" means a single-family residential dwelling structure containing, at a minimum, permanently installed cooking, or indoor or outdoor sanitary facilities, and may have Associated Improvements as hereinafter defined.
2. "Associated Improvements" means such other buildings, structures, living quarters, recreational facilities, and improvements as are customarily appurtenant to comparable residential dwellings in the vicinity of the Protected Property, including but not limited to garages, barns, stables, paddocks, run-in sheds, storage sheds, swimming pools, tennis courts, energy generation or transmission facilities and utilities including electric, solar, water, and septic systems, leach fields, telecommunication receiving and transmittal devices, docks, gazebos, bird homes and nesting areas, water pipelines, and other buildings and facilities for all residential, agricultural, and forestry uses.

J. The right to construct, maintain and repair barns, signs, roads, fences, ponds and drainage ditches, or other structures or buildings, including any movement of soil on the Protected Property necessary to complete permitted improvements, including Grantor's retained rights within the Residence and Associated Improvements, and all utilities required to support such improvements necessary for agricultural activities not prohibited by this Easement, in accordance with all applicable Local, State and Federal laws, rules, and regulations, and applicable BMPs.

K. The right to hold temporary or seasonal outdoor activities or events (“Activities”) that do not permanently alter the physical appearance of the Protected Property and that do not impair the Conservation Values of the Protected Property and the Conservation Purposes of this Easement.

L. The right to take action necessary to preserve water levels, to preserve the natural purity of the water, or to prevent the erosion of any slope or shoreline on the Protected Property, in accordance with all applicable Local, State, and Federal laws, rules, and regulations, and applicable BMPs and are consistent with the Conservation Values of the Protected Property and the Conservation Purposes of this Easement.

M. The right to take emergency action to preserve and protect Grantor’s rights herein in response to natural disasters, environmental hazards, or threats to human safety.

N. The right to bring any legal action permitted under Florida law in a court of competent jurisdiction, if Grantor believes that Grantee has unreasonably withheld approvals or interferes with or unreasonably denies any of Grantor’s reserved rights.

O. The right to participate in conservation, preservation, or mitigation programs existing now or permitted in the future for any activity or use permitted on the Protected Property under this Easement are subject to Grantee’s approval which shall not be unreasonably withheld. Activities to restore or enhance wetlands or streams or restore, enhance, or develop other ecosystem functions on the Protected Property include, but are not limited to, stream bank restoration, wetland and stream mitigation, biological carbon sequestration and biodiversity mitigation provided that the land will continue to be used for its authorized purpose, the mitigation proposal will provide environmental benefits over and above the terms of this Easement, and does not result in the extinguishment of this Easement or any of its terms.

ARTICLE VI. MISCELLANEOUS TERMS

A. **Recordation.** Grantor shall record this Easement and any amendments thereto in a timely fashion in the Official Records of _____ County, Florida, and shall rerecord it at any time Grantee may require to preserve its rights. Grantor shall pay all recording costs and taxes necessary to record this Easement in the public records.

B. **Ad Valorem Taxes.** Grantor agrees to make timely payment of all ad valorem taxes on the Protected Property. In each tax year, Grantor shall provide Grantee written proof of payment of taxes on the Protected Property on or before the date such taxes would be considered delinquent.

C. **Indemnification.** Grantor shall indemnify, defend and hold Grantee and all Grantee’s agents, employees and officers harmless from and against any and all

liabilities, loss, damages, expenses, judgments or claims, either at law or in equity including claims for attorney fees and costs, and attorney's fees and costs on appeal, caused or incurred, in whole or in part as a result of any action or activity of the Grantor, its agents, employees, subcontractors, assigns, heirs and invitees as a result of the use and ownership of, or activities on the Protected Property. The Grantee shall be responsible for any negligent or willful action or activity by the Grantee while on the Protected Property. This provision does not constitute a waiver of Grantee's sovereign immunity under Section 768.28, F.S., or extend Grantee's liability beyond the limits established in Section 768.28, F.S., or constitute consent to be sued by third parties.

D. **Monitoring.** Inspections by the Grantee shall occur annually and may occur as often as reasonably necessary to monitor Grantor's exercising of its reserved rights and enforce the terms and conditions of this Easement. Grantor shall assist Grantee in the monitoring and enforcement of the terms and conditions of this Easement. The Grantee and its agents, employees, contractors, assigns, and other authorized persons may enter upon, over and across the Protected Property, to inspect it, not including building interiors, for the purpose of ensuring compliance with the terms and conditions of this Easement, so long as such entry does not interfere with the rights and uses of the Protected Property retained by the Grantor and provided that Grantee notify Grantor at least seven (7) days before said inspection except in the case of an emergency or if Grantee has reason to believe there has been a violation, in which notice must be given no less than twenty-four (24) hours before said inspection. The Grantee shall provide Grantor with a written list of employees and other authorized entities assigned to monitor and enforce the terms and conditions of this Easement in accordance with this Paragraph VI(D).

E. **Public Access.** No right of access to any portion of the Protected Property is conveyed by this Easement, except as expressly provided herein.

F. **Notice of Violation.** In the event any of the terms and conditions of this Easement are violated, Grantor or Grantee shall give written notice to the other party, which shall have the right to cease or to cure the violation without penalty. If the party in violation does not cease or cure the violation within thirty (30) days after receipt of written notice from the other party, the terms and conditions hereof may be enforced by Grantor or by Grantee by suit for injunctive relief or for other appropriate remedy in equity or at law. Venue for such suit shall be in the Circuit Court in and for Hillsborough County, Florida. As a condition precedent for filing of any lawsuit, the Parties shall perform the mediation process immediately stated below.

G. **Mediation.** The Parties shall attempt in good faith to resolve any dispute arising out of or relating to this Easement promptly by confidential mediation before resorting to litigation.

H. **Notices.** Any notice, demand or request which may be or is required or to be given under this Easement shall be delivered in person or sent by United States

Certified Mail, postage prepaid, return receipt requested, and shall be addressed to Grantor or to Grantee at the addresses first set forth above.

I. **Approvals.** When Grantor's or Grantee's approval is required, a request for such approval shall be made in writing and shall include information identifying the proposed site or activity with reasonable specificity, evidencing conformity with the requirements of the applicable paragraphs under which the approval is required. In the case of withholding of approval, Grantor or Grantee shall notify the requesting party in writing with reasonable specificity, the reasons for withholding approval, and the conditions, if any, on which approval might otherwise be given. Grantor and Grantee shall cooperate and shall act in good faith to arrive at agreement in connection with any determinations that are necessary to be made by them either separately or jointly.

J. **Forbearance Not a Waiver.** Any forbearance by Grantee to exercise its rights under this Easement in the event of any violation of this Easement shall not be deemed or construed to be a waiver by Grantee of such violation or another violation of this Easement or of any of Grantee's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any breach shall impair such right or remedy or be construed as a waiver.

K. **Severability; Liberal Construction.** If any provision of this Easement or the application thereof to any person or circumstance is found to be invalid, the remainder of the provisions of this Easement shall not be affected thereby. If any provision in this instrument is found to be ambiguous, an interpretation consistent with the Conservation Purposes of this Easement and consistent with the perpetual protection of the Conservation Values of the Protected Property shall be favored over any interpretation that would be inconsistent therewith. This Easement shall be construed and interpreted with the intention of conforming to the requirements of Section 170(h) of the Code and Section 704.06, F.S. Neither this Easement nor any uncertainty or ambiguity herein shall be presumptively construed against Grantee, whether under any rule of construction or otherwise.

L. **Entire Agreement.** This Easement, together with all the documents attached or otherwise incorporated herein, constitutes the entire understanding and agreement between the Parties and shall not be changed, altered, or modified. In the event any terms or provisions of this Easement are determined by competent judicial authority to be illegal or otherwise invalid, such provision shall be given its nearest legal meaning or shall be construed or deleted as such authority determines, and the remainder of this Easement shall be construed as being in full force and effect.

M. **Force Majeure.** Nothing contained in this Easement shall be construed to entitle Grantee to bring any actions against Grantor for any injury to or change in the Protected Property resulting from causes beyond Grantor's control, including, without limitation, trespass, fire, flood, storm and earth movement, or from any prudent action taken by Grantor under emergency conditions to prevent, abate or mitigate significant injury to the Protected Property resulting from such causes.

N. **Assignment Limitations.** Grantee shall not assign its interest in this Easement except to the State of Florida, the successor in interest to the Grantee or a political subdivision of the State of Florida, without first obtaining the prior written consent of the Grantor, which may be withheld by Grantor in its sole discretion. Any assignment without such consent shall be void and have no effect. If Grantee shall cease to exist or cease to be authorized to hold conservation easements under Florida law, then Grantee's rights and obligations under this Easement shall immediately become vested in the State of Florida.

O. **Successors; Benefits and Burdens.** The covenants, terms, conditions, easements, benefits, and burdens of this Easement shall be binding upon and inure to the Parties hereto and their respective successors, personal representatives, heirs, and assigns and shall continue as a restriction running in perpetuity with the Protected Property. An owner of the Protected Property shall only be responsible for those violations first occurring on the Protected Property during such owner's ownership, and while still an owner of the Protected Property. Notwithstanding the foregoing, a subsequent owner may also be held responsible for those violations first occurring during another's prior ownership of the Protected Property unless an estoppel or compliance certificate was obtained by such subsequent owner prior to or at the time of the transfer of the Protected Property's ownership to such subsequent owner.

P. **Condemnation.** If all or any part of the Protected Property is taken under the power of eminent domain by public, corporate, or other authority, or otherwise acquired by such authority through a purchase in lieu of a taking, Grantor and Grantee shall join in appropriate proceedings at the time of such taking to recover the full fair market value of the interests in the Protected Property subject to the taking and all incidental or direct damages resulting from the taking, without regard to any diminution in value attributable to the Easement. Prior to the payment of any expenses reasonably incurred by the Parties to this Easement in connection with such taking, Grantee shall be entitled to its proportionate share from the recovered proceeds. The respective rights of Grantor and Grantee set forth in this Paragraph VI(P) shall be in addition to, and not in limitation of, any rights they may have at common law. All such proceeds used by Grantee shall be used by Grantee in a manner consistent with the Conservation Purposes of this Easement as of the effective date of this grant.

Q. **Representation of Authority.** Each signatory to this Easement represents and warrants that he or she is duly authorized to enter into and execute the terms and conditions of this Easement and to legally bind the party he or she represents.

R. **Effective Date.** This Easement and the restrictions arising hereunder shall be effective after all signatures required by law have been affixed hereto and the Easement has been recorded in the official records of _____ County, Florida.

S. **Definitions.** For the purpose of this Easement, the following definitions shall apply:

1. "Improved Pasture" shall be considered grazing lands of introduced species or domesticated native forage species that receive periodic renovation and cultural treatments such as tillage, fertilization, mowing, or weed control and for the purposes of this Easement, identified in the BNRI as improved pasture.
2. "Native Range" shall be considered land on which the existing vegetation, whether growing naturally or through management, is suitable for grazing and browsing of domestic livestock at least part of the year. Native range includes any natural grasslands, savannas, shrub-lands, woodlands and wetlands which support a vegetative cover of native grasses, grass-like plants, forbs, shrubs or other natural species and for the purposes of this Easement, as identified in the BNRI as native range.
3. "Improved Lands" shall be defined as those lands where indicated as such in the BNRI and include all residential and agricultural structures and related improvements.
4. "Best Management Practices" as referenced throughout this document are considered to include those generally accepted practices currently approved (subject to future change) by FDACS in conjunction with any or all of the following:

U.S. Department of Agriculture Natural Resources Conservation Service
United States Fish and Wildlife Service
Florida Fish and Wildlife Conservation Commission
Florida Forest Stewardship Program
Florida Division of Historical Resources
University of Florida Institute of Food and Agricultural Sciences
Florida Cattleman's Association

5. "Commercial or industrial activity" shall be defined as any use or activity which is not permitted within this Easement for which a financial benefit is sought or for which money is charged, whether or not the activity or use is profitable. Prohibited activities include but are not limited to swine, dairy and poultry operations and confined animal feed lot operation. Permitted activities include events related to charitable, educational or conservation events or groups, ranching, ecological tours, hunting and fishing rights reserved to Grantor herein, and other activities whose purpose is management of wildlife on the Protected Property.

TO HAVE AND TO HOLD unto Grantee, its successors, and assigns forever.
